

# KEY LASTIC MOSAIC

Our goal with developing Key Lastic Mosaic is to provide an elegant and unique terrazzo-quality product at a more inclusive price point.

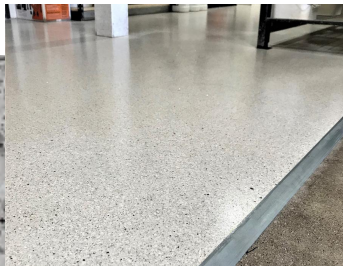

## DURABLE

- Antimicrobial-infused
- Semi-flexible material
- Tested, non-slip surface
- Chemical resistant

## FASTER INSTALL

Our unique material and proprietary installation processes allow us to cut install time in half when compared to terrazzo

## 100% SOLIDS

1/4" epoxy/aggregate floor

## RESILIENT

Flexible material absorbs movement to help prevent cracking

## QUIET

Reduces noise created by mechanical vibrations

## SEMI CUSTOM

Choose from our standard colors or customize to fit your project
